Parish Critical Review

Many families and individuals at St. Francis have responded generously to the financial needs previously communicated over the past year. We are very thankful to all who have helped address the needs of our parish. It is our hope that, with a clearer explanation of the urgency, more will be encouraged to increase or begin their tithe.

The purpose of this article is to foster increased giving - to ensure that our income is greater than our expenses. If our parish income does not cover our expenses, we will need to lessen the scope of our parish operations. This communication is trying to stem the tide of such consequences.

In response to our current financial situation, our Pastoral Leadership Team and Operations Council are preparing a critical review of parish operations. This review includes an in-depth analysis of our 2023-2024 parish budget, an historical look at past budgets, and a comparative look at other large suburban parish operations.

Over the last several years, in response to national inflation and comparative salaries, St. Francis has been providing regular and, in some cases, significant raises. This is due, in part, to a desire to provide just wages for our teachers who get paid significantly less than public school teachers. We have been acting in faith that God's Providence will guide the Stewardship Way of Life.

We have also been doing this boldly because, during the COVID shutdown, government aid was given to small businesses in the form of the Paycheck Protection Program (PPP). St. Francis received this money and saved it. These funds are intended to serve as a safety net against operational pressures such as inflation, increased enrollment costs at Bishop Carroll, and increasing insurance premiums. We knew if our income failed to keep up with costs, we could use that PPP savings to temporarily cover the offset. However, the decision of the Operations Council was this that once those savings were tapped into, it would trigger a critical review of parish operations.

We are today letting you know that we are on the verge of dipping into that money, which would trigger cuts at three levels: imminent, intermediate, and operational.

Imminent cuts take place at the earliest opportunity and, in fact, have already been happening. Spending on supplies and ancillary expenses have been suspended, and bonuses and appreciation gifts have been reduced. Other such cuts will continue to be made as they are identified.

Intermediate cuts would happen over the course of the next several months and include:

- **Reducing the number of students we send to Bishop Carroll.**
- **Limiting parish resources.**
- **Canceling subscriptions for educational programs.**
- **Reviewing personnel in every department for possible reductions.***

MESSAGE CONT.

**The hope is that if we had to reduce the number of personnel, it would happen organically, through natural transitions and normal life decisions.*

Operational cuts could include moving our grade school from three classes per grade to two over successive years.* The decision to move to two grades per class would include discussions of class size, possible waitlists, projections of future students, the ability to fund these grades and other questions.

**So that you are aware, next year our 1st grade will move from three classes to two classes. This move is being made due to the number of students registered for 1st grade, not because we have made the decision to move to two classes per grade.*

While moving to two classes per grade would be a response to our financial situation, it is not necessarily an answer to future ministerial needs. **Such a move would limit access to Catholic education, keeping some stewards who are seeking Catholic schools from being accepted.**

So what are we doing now?

- Reviewing our budget to forecast trends and brainstorm solutions.
- Comparing our parish operations to other parishes to gain a more detailed perspective.
- Freezing salaries of all school and church employees.

- Freezing all non-essential spending that can be cut without harming essential operations.
- Reviewing parish and school operations to look for any positions or systems that can be reasonably reduced without compromising our mission.
- Reviewing classroom sizes to discern the possibility of two classes per grade.
- Asking all members of the parish to be active stewards through the timely return of their Stewardship Renewal Packets, attendance at the Annual Pastoral Address, and to whatever degree possible, an increase or commencement of their tithe.
- Encouraging renewed giving through homilies, Council Mass presentations, and the weekly Father's Focus articles in the bulletin.
- Meeting with all 1st and 7th grade school families and new kindergarten families to encourage increased awareness and commitment to stewardship.
- Searching for grants, government funding and matching gift programs.

We are excited to be moving into our new office and gathering spaces, but as a reminder, no contributions from the Rebuild My church campaign can be used for operational expenses. All donations to that campaign are donor directed to be used for that campaign only.

Again, at this time we have not yet had to pull from our savings to offset current operations. However, if we must, then parish and school operations will be cut. This will directly impact services and people. Please prayerfully consider increasing your tithe to help us maintain current operations. If you are not yet tithing, challenge yourself to give and participate in the mission of St. Francis of Assisi Parish, which is ultimately to save souls.

Thank you for your Stewardship!

40 DAYS CLOSER TO CHRIST

Lent is not just a period established for personal improvement, intended for one to temporarily give up a vice or lose a few pounds, nor is it necessarily about becoming a better individual Christian, although that should happen. Lent, instead, is a period of intense spiritual preparation. This is a Catholic's 40 days on Mount Sinai (see Ex 24:12, 34:28, and Dt 9:9), where we uniquely meet with God, as Moses did, and we can reflect on the commandments of the Father and how we have responded to them. It is our 40 years in the wilderness (see Dt 8:2-3) where we enter into humility and acknowledge our faults and dependence on the Lord, as the Israelites did, and now we do, as God's adopted children. Lent is our 40 days in the desert where we will be tempted (see Mt 4:1, Mk 1:12-13, Lk 4:1-2) as Christ was and, having relied on the Holy Spirit and the Holy Angels, we can emerge prepared to resist Satan and proclaim the Kingdom of God. Lent is the premier time for Christians to develop spiritually for our individual and collective ministries so that, under the guidance of the Holy Spirit and according to the will of the Father, we may build up the body of Christ. This, however, may only be accomplished if we follow the model established for us in Scripture and reinforced by Holy Mother Church.

In the cases of Moses, the Israelites, and Christ Jesus, within their 40 days (or years in the case of the Israelites), a common theme emerges: fasting. Moses went to the top of Mount Sinai where "he was with the Lord forty days and forty nights; he neither ate bread nor drank water" (Ex 34:24). Yet after Moses had this experience, he was radiant, and his "face shone." While we may not literally shine, we

can emulate his fasting to become closer to God as he was. The Church teaches that fasting, along with prayer and almsgiving, is the highest form of exterior penance that "expresses the conversion in relation to oneself, to God, and to others" (CCC 2043). We must, therefore, fast and allow ourselves to be converted and let our faces shine by His glory.

For the Israelites, God, in his providence, allowed them to hunger so that they would be humbled. Likewise, we must humble ourselves before the Lord by fasting so that we too may learn that "man does not live by bread alone, but that man lives by everything that proceeds out of the mouth of the Lord." (Dt. 8-3). The Church describes fasting as voluntary self-denial (CCC 1438), and in denying ourselves what we think we need, God shows us what our needs are and that only He can fulfill them.

Lastly, Christ has given us the most prominent example of fasting when he spent 40 days in the desert. There, he "fasted for forty days and forty nights" (Mt 4:2). Scripture makes no concessions to the fact that the fast was difficult; Christ, it says, was "left hungry" afterward. The effect, however, was not what one may think, and instead of weakening Jesus, it strengthened Him to resist the temptations of the devil. Fasting is the fourth precept of the Church (CCC 2043) and is described as helping us to "acquire mastery over our instincts and freedom of heart." Jesus had mastery over these basic instincts and so was able to reject the temptations of Satan; we must do the same.

Guided by the Spirit, we must enter our desert these 40 days and fast. Through this voluntary sacrifice, this humble act of penance, we will enter into a spiritual preparation for the ultimate combat, strengthened and able to resist the temptations of the devil. Then, guided by the Holy Spirit, with Christ as our exemplar, we may say to others also, "do penance for the Kingdom of God is at hand" (Mt 4:17).
